

Curbside ZERO-SORT Recycling is easy!

When in doubt Recycle!

How many tons of recycling and waste did the Town of Dayton collect for July & August?

JULY ~ Waste 60.25 tons - Cost to dispose \$4,307.88

JULY ~ Recyclables 10.04 tons - Cost to dispose \$0.00 - Savings \$717.86

AUGUST ~ Waste 61.82 tons - Cost to dispose \$4,420.13

AUGUST ~ Recyclables 10.02 tons - Cost to dispose \$0.00 - Savings \$716.43

The [Solid Waste & Recycling Report](#) (on the town website under recycling) has year to date information on the town's Solid Waste & Recycling for the year.

Is the Curbside ZERO-SORT Recycling mandatory?

No. The program is completely voluntary. However, the more the town recycles the more money the town saves.

The town pays \$71.50 per ton to dispose of waste. *There is no charge to dispose of recycling materials.*

Why did I see one truck pick up both my recycling and waste?

Pine Tree has added one truck to the town that has dual compartments - 1 for recycling and 1 for waste. Don't worry your recycling is going to the right place. Some residents will see two trucks and others will just see one truck.

What should I do with large cardboard boxes?

Please break down the boxes and leave near your recycling container. One of our employees suggests tying the boxes that way the items are less apt to blow away and marking with the words "recycle" to ensure the driver knows what is recycling.

What if I have more than one container for recycling?

You can obtain more stickers at the Town Office or just mark the container with the word "recycle".

What if I have questions on what I can recycle?

Contact the Town Office at 499-7526 or refer to the [Curbside ZERO-SORT Recycling brochure](#).
